PRESS RELEASE

IMPLEMENTATION OF PANABIOS DIGITAL VERIFICATION OF COVID-19 PCR TEST RESULTS IN GHANA

The Embassy of Ghana in Angola wishes to inform the general public that the Ministry of Health in collaboration with the Ghana health Service is implementing the digitization of COVID-19 test results for ease of verification prior to travel and upon arrival in Ghana.

In that regard, it should be noted that only PCR test results or certificates bearing Trusted Travel or BIOMARS codes will be considered as valid for travel out of Ghana with effect from **21st April, 2021**.

All travellers arriving in Ghana must use a tool made available through the UNDP-supported Global Haven Partnership (ww.globalhaven.org) for COVID-19 PCR test results certificate verification. Consequently, all travellers are strongly encouraged to sign up for accounts on trustedtravel.panabios.org or <https://login.panabios.org/cas/login> with the same email address and mobile number provided to the laboratories during testing,

Further information about the initiative is available at <https://www.ghanahealthservice.org/covid19/africacdc.org/trusted-travel>

LUANDA 21ST APRIL, 2021
